## 34<sup>TH</sup> ANNUAL REPORT

DECEMBER 1, 2008 THROUGH  
NOVEMBER 30, 2009

TELEPHONE: PUBLIC HEALTH (618) 783-4436  
ENVIRONMENTAL HEALTH (618) 783-5206  
BEHAVIORAL HEALTH (618) 783-4154

YEAR ESTABLISHED 1975

# TO THE CITIZENS OF JASPER COUNTY

I am pleased to present to you, the 2009 annual report for the Jasper County Health Department. The report is a summary of the services provided to Jasper County residents.

The health department plays a primary role in disease prevention and health promotion. Quality of life is enhanced, as health department staff provide an array of services. Those services include communicable disease prevention, food and water safety, immunizations, health screenings and behavioral health counseling and intervention.

The department provided guidance and coordination to meet the challenge of the new H1N1 influenza virus. Mass immunization clinics were held to protect Jasper County residents and school children from H1N1.

The department also continues to face state funding cuts and payment delays. We have had to streamline and become more efficient; in order to continue to provide services to the people we serve.

We welcome your review of the 2009 annual report. I would like to sincerely thank the Board of Health, the Jasper County Board, all elected and appointed officials and especially our staff and volunteers. Lastly, I would like to thank all of the other community organizations, governmental agencies and citizens of Jasper County for your support and guidance.

Joel Clark, B.A., L.E.H.P  
Public Health Administrator

## MISSION STATEMENT

The mission of the Jasper County Health Department is to improve and enhance the health of all the residents of Jasper County. The department will promote activities that will lead to a more productive and satisfactory lifestyle, which in turn will produce a positive mental and physical condition. Assessment and screening, education, immunizations, prevention services, environmental services, case management, crisis intervention, counseling, and linkage with community resources, are but a few of the activities provided to facilitate the accomplishment of positive outcomes.
